Subject: Public Comments for Docket #072 from Web site: Patient Handling

Good morning,

I was reviewing your presentation, which I might add contains very excellent information. It is very informative. I viewed the video regarding the lifts and at the end of this the presentation stopped. I don't know whether it was a malfunction with my equipment or something that maybe others are experiencing? I had to Exit the presentation. I plan to return to view the rest of the content.

Thank you.

Marilyn Schuler
