701 North Broadway  
Sleepy Hollow, NY 10591  
USA

Comments

Please include nursing assistance, techs ext.as certain tasks are delegated to them. Or focus on the clinical team need to identify and utilize these techniques.This information is valuable for workers involved in patient care. Student nurses will be a part of this team. The information may need to be geared toward all instead of just nurses. The information is extremely valuable as it encourages the worker to focus on the setting, task, equipment, and most of all themselves. We have just instituted a Minimal Lift Program. Thank you for the opportunity to view information.
