

Annually as determined necessary by the Secretary or as required by Congress, the committee shall submit a report to include: (1) An evaluation of the effectiveness of the Federal programs and services available to individuals and communities exposed to lead; (2) an evaluation of additional lead exposure research needs; (3) an assessment of any effective screening methods or best practices used or developed to prevent or screen for lead exposure; (4) input and recommendations for improved access to effective services relating to health care, education, or nutrition for individuals and communities impacted by lead exposure; and (5) any other recommendations for communities affected by lead exposure, as appropriate.

At least half of the committee will consist of Federal representatives from a range of agencies that may include the Department of Housing and Urban Development; the Environmental Protection Agency; the Consumer Product Safety Commission; the Centers for Medicare and Medicaid Services; the Health Resources and Services Administration; the Food and Drug Administration; the U.S. Department of Agriculture; the Occupational Safety and Health Administration; the National Institute of Environmental Health Sciences; the U.S. Geological Survey; and such additional federal, state, tribal, and local public and private officials as the Secretary deems necessary for the committee to carry out its function. The rest of the committee will consist of non-Federal members. Only non-Federal members are being solicited with this announcement.

The U.S. Department of Health and Human Services policy stipulates that committee membership be balanced in terms of points of view represented and the committee's function. Appointments shall be made without discrimination on the basis of age, race, ethnicity, gender, sexual orientation, gender identity, HIV status, disability, and cultural, religious, or socioeconomic status. Nominees must be U.S. citizens and cannot be full-time employees of the U.S. Government. Current participation on federal workgroups or prior experience serving on a federal advisory committee does not disqualify a candidate; however, HHS policy is to avoid excessive individual service on advisory committees and multiple committee memberships.

Committee members are Special Government Employees, requiring the filing of financial disclosure reports at the beginning and annually during their terms. CDC reviews potential candidates for LEPAC membership each year and

provides a slate of nominees for consideration to the Secretary of HHS for final selection. HHS notifies selected candidates of their appointment as soon as the HHS selection process is completed. Note that the need for different expertise varies from year to year and a candidate who is not selected in one year may be reconsidered in a subsequent year. Nominees must be U.S. citizens, and cannot be full-time employees of the U.S. Government.

Candidates should submit the following items:

- Current *curriculum vitae*, including complete contact information (telephone numbers, mailing address, email address).
- At least one letter of recommendation from person(s) not employed by the U.S. Department of Health and Human Services. (Candidates may submit letter(s) from current HHS employees if they wish, but at least one letter must be submitted by a person not employed by an HHS agency (e.g., CDC, NIH, FDA, etc.)

Nominations may be submitted by the candidate him- or herself or by the person/organization recommending the candidate.

[Docket No. NIOSH 229-I]

**Solicitation of Nominations for Appointment to the World Trade Center Health Program Scientific/ Technical Advisory Committee (STAC)**

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), in

accordance with provisions of the James Zadroga 9/11 Health and Compensation Act of 2010, is seeking nominations for membership on the World Trade Center (WTC) Health Program STAC. The STAC consists of 17 members including experts in fields associated with occupational medicine, pulmonary medicine, environmental medicine, environmental health, industrial hygiene, epidemiology, toxicology, mental health, and representatives of World Trade Center (WTC) responders as well as representatives of certified-eligible WTC survivors. The STAC reviews scientific and medical evidence and makes recommendations to the Administrator of the WTC Health Program on additional Program eligibility criteria and additional WTC-related health conditions, reviews and evaluates policies and procedures used to determine whether sufficient evidence exists to support adding a health condition to the List of WTC-Related Health Conditions, makes recommendations regarding individuals to conduct independent peer reviews of the scientific and technical evidence underlying a final rule adding a condition to the List of WTC-Related Health Conditions, and provides consultation on research regarding certain health conditions related to the September 11, 2001 terrorist attacks.

**DATES:** Nominations for membership on the STAC must be received no later than November 20, 2020. Packages received after this time will not be considered for the current membership cycle.

**ADDRESSES:** You may submit nominations, identified by Docket No. NIOSH-229-I by the following methods below.

- *Mail:* Docket number NIOSH 229-I c/o Mia Wallace, Committee Management Specialist, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS: E-20, Atlanta, Georgia 30333.

**SUPPLEMENTARY INFORMATION:**

Nominations are being sought for individuals who have expertise and qualifications necessary to contribute to accomplishing the committee's objectives. The Administrator of the WTC Health Program is seeking nominations for members fulfilling the following categories:

- Occupational physician who has experience treating WTC rescue and recovery workers;
- Environmental medicine/environmental health professional;
- Toxicologist;
- Epidemiologist;
- Occupational physician;
- Representative of WTC responders; and
- Representative of certified-eligible WTC survivors.

Members may be invited to serve for four-year terms. Selection of members is based on candidates' qualifications to contribute to the accomplishment of STAC objectives. More information on the committee is available at <https://www.cdc.gov/wtc/stac.html>. The U.S. Department of Health and Human Services (HHS) policy stipulates that committee membership be balanced in terms of points of view represented, and the committee's function.
