

## **AGENDA**

Advisory Board on Radiation and Worker Health

Teleconference Meeting of the

**Pinellas Work Group**

**February 11, 2016**

**Conference Call Number: 1-866-659-0537**

**Participant Pass Code: 9933701**

**1:00 p.m. (Eastern Standard Time)**

### **Welcome and roll-call/introductions**

### **Work Group Discussion**

1. Recap - Summary of changes made to the Pinellas Plant site profile in 2011 (DCAS/ORAU – Darnell or Gleckler; see the file “dc-pinellaspchgs-r0.pdf” on the DCAS website). Note that TBD-5 “Occupational Internal Dose” was revised in February 2012 (Rev 02); those changes are not reflected in dc-pinellaspchgs-r0.pdf
2. Brief recap of closed issues in the updated SC&A issues matrix (SC&A - Stiver; see the file “sca-pinellasim.pdf” on the DCAS website)
3. Presentation of the updated NIOSH internal dose model for stable metal tritides (DCAS- Neton; see the file “dc-pinellastrit-r0.pdf” on the DCAS website)
4. Presentation and WG discussion of SC&A’s review of the NIOSH stable metal tritides model (SC&A – Barton; SC&A will deliver a memo on the subject to the WG by February 4, 2016)
5. Open issues matrix item 5, *Problems with personnel dosimetry* (SC&A - Zlotnicki, and DCAS-ORAU. See DCAS’s response to SC&A open items - file “dc-pinellasim-0122516” on the DCAS website. SC&A will deliver a memo on the subject to the WG by February 4, 2016)
6. Open issues matrix item 6, *The decontamination and decommission (D&D) era of Pinellas operations is not sufficiently addressed* (DCAS-ORAU and WG. See DCAS’s response to SC&A open items - file “dc-pinellasim-0122516” on the DCAS website)

### **Path forward**

### **Adjourn**
