The Advisory Committee on Immunization Practices (ACIP) **consists of** 15 experts in fields associated with immunization who have been selected by the Secretary of the U. S. Department of Health and Human Services to provide advice and guidance to the Secretary, the Assistant Secretary for Health, and the Centers for Disease Control and Prevention (CDC) on the control of vaccine-preventable diseases.

The Committee **develops written recommendations** for the routine administration of vaccines to children and adults in the civilian population; recommendations include age for
