INFORMATION:
- Background

DATES: Electronic or written comments
must be received by March 30, 2018.

ADDRESSES: You may submit comments,
identified by CDC-2018-0006 and
docket number NIOSH-306, by any of
the following methods:

- *Federal eRulemaking Portal:*
<https://www.regulations.gov>. Follow the
instructions for submitting comments.
- *Mail:* National Institute for
Occupational Safety and Health, NIOSH
Docket Office, 1090 Tusculum Avenue,
MS C-34, Cincinnati, Ohio 45226-1998.

Instructions: All submissions received
in response to this notice must include
the agency name and docket number
[CDC-2018-0006; NIOSH-306]. All
relevant comments received will be
posted without change to [https://
www.regulations.gov](https://www.regulations.gov), including any

personal information provided. For
access to the docket to read background
documents or comments received, go to
<https://www.regulations.gov>. All
information received in response to this
notice will also be available for public
examination and copying at the NIOSH
Docket Office, 1150 Tusculum Avenue,
Room 155, Cincinnati, OH 45226-1998.

FOR FURTHER INFORMATION CONTACT:

Emily Novicki (*NORACoordinator@
cdc.gov*), National Institute for
Occupational Safety and Health, Centers
for Disease Control and Prevention,
Mailstop E-20, 1600 Clifton Road NE,
Atlanta, GA 30329, phone (404) 498-
2581 (not a toll free number).

SUPPLEMENTARY INFORMATION: The
National Occupational Research Agenda
(NORA) is a partnership program
created to stimulate innovative research
and improved workplace practices. The
national agenda is developed and
implemented through the NORA sector
and cross-sector councils. Each council
develops and maintains an agenda for
its sector or cross-sector.

Background: The National
Occupational Research Agenda for
Services is intended to identify the
research, information, and actions most
urgently needed to prevent occupational
illnesses and injuries in the Services
sector. The National Occupational
Research Agenda for Services provides
a vehicle for stakeholders to describe
the most relevant issues, gaps, and
safety and health needs for the sector.
Each NORA research agenda is meant to
guide or promote high priority research
efforts on a national level, conducted by
various entities, including: Government,
higher education, and the private sector.

The first National Occupational
Research Agenda for Services was
published in 2009 for the second decade
of NORA (2006-2016) and updated in
2013 and 2015. This draft is an updated
agenda for the third decade of NORA
(2016-2026). The revised agenda was
developed considering new information
about injuries and illnesses, the state of
the science, and the probability that
new information and approaches will
make a difference. As the steward of the
NORA process, NIOSH invites
comments on the draft *National
Occupational Research Agenda for
Services*. Comments expressing support
or with specific recommendations to
improve the Agenda are requested. A
copy of the draft Agenda is available at

<https://www.regulations.gov> (search
Docket Number CDC-2018-0006).

John Howard,

Director, National Institute for Occupational
Safety and Health, Centers for Disease Control
and Prevention.

BILLING CODE 4163-19-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30Day-18-1078]

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork
Reduction Act of 1995, the Centers for
Disease Control and Prevention (CDC)
has submitted the information
collection request titled Public Health
Associate Program (PHAP) Alumni
Assessment to the Office of Management
and Budget (OMB) for review and
approval. CDC previously published a
“Proposed Data Collection Submitted
for Public Comment and
Recommendations” notice on October
10, 2017 to obtain comments from the
public and affected agencies. CDC did
not receive comments related to the
previous notice. This notice serves to
allow an additional 30 days for public
and affected agency comments.

CDC will accept all comments for this
proposed information collection project.
The Office of Management and Budget
is particularly interested in comments
that:

(a) Evaluate whether the proposed
collection of information is necessary
for the proper performance of the
functions of the agency, including
whether the information will have
practical utility;

(b) Evaluate the accuracy of the
agencies estimate of the burden of the
proposed collection of information,
including the validity of the
methodology and assumptions used;

(c) Enhance the quality, utility, and
clarity of the information to be
collected;

(d) Minimize the burden of the
collection of information on those who
are to respond, including, through the
use of appropriate automated,
electronic, mechanical, or other
technological collection techniques or
other forms of information technology,
e.g., permitting electronic submission of
responses; and

(e) Assess information collection
costs.
