WTC Health Program

Table of Contents

The following note applies to several pages on this dashboard.

Enrollment over Lifetime of Program consists of all unique individuals ever enrolled in the Program, including those individuals who have been subsequently disenrolled or died. The Program does not track cause of death for deceased members; thus, cause of death may or may not be WTC-related.

Currently enrolled members do not include deceased or disenrolled members.

- Qtr 3: Responder 230, Survivor 446
Note on Date Range for Application Data: *In late 2021, the Program moved to using the online CARE system to process enrollment applications. For consistency in reporting, application data starts with 2022, the first full year of data from the new system.*

Note on Suspended Applications: *Incomplete applications are generally "suspended" but still considered "in process" until sufficient documentation is received to determine enrollment eligibility. An application may move in and out of suspend status throughout the application process. The number of prior year applications currently in suspend status is generally lower than the number of current year applications in suspend status due to sufficient information being received to move the application to active processing status.*

16. Top 5 Reasons for Suspended Survivor Applications in Past Year
17. Top 5 Reasons for Suspended Responder Applications in Past Year

Note on Suspended Applications: After an application is suspended, the applicant is notified of the reason(s) the application was incomplete and unable to be fully processed and support is offered via the Member Services team and/or call center.
