

HEPATITIS A AND B VACCINATION.

A photograph of two young men smiling and embracing each other outdoors. The man on the left has a beard and is wearing a blue denim shirt. The man on the right has a nose ring and is wearing a white shirt. They are both looking towards the camera.

There's no question –
it's easy prevention.
Gay and bisexual men
are at risk for
hepatitis A and B.

Take charge. Protect yourself. Get vaccinated.
