

## CREATE YOUR OWN EMERGENCY KIT

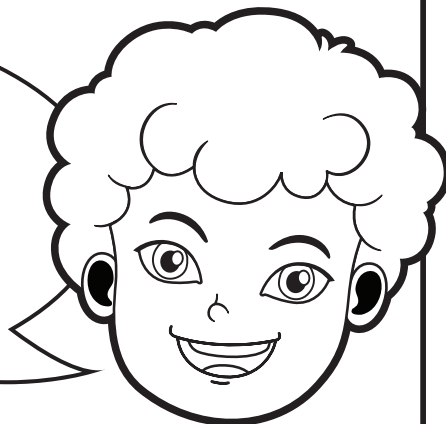

You've already colored in some of the most important items for a hurricane emergency kit. Now it's your turn to be an expert! Think of 5 items that were not in the last activities but could still be helpful in an emergency. These can be things that are special to you or things you think would make you feel safe, comfortable, or prepared.

### You can:

Draw each item in the box below and label them

OR

Write a list of the items and explain to your family why you chose them

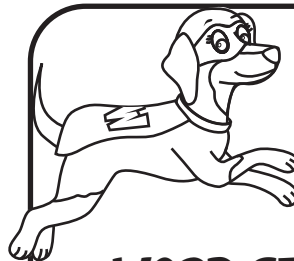

### If you're stuck, try thinking about:

- What helps you feel safe?
- What do you need to do before bedtime and first thing in the morning?
- What would you need if the power went out?
- What would help you stay busy or happy?

## EMERGENCY KIT

Now that you've helped Wrigley build her family's kit, and you have thought about what you would put in your own kit, it's time to make it happen!

## READY WRIGLEY

### EMERGENCY KIT ACTIVITY BOOKLET

## WORD SEARCH

Wrigley's family checks to make sure their emergency kit is ready. An emergency kit keeps everything you might need in an emergency in one place.

Can you help? Find and circle the emergency kit words below. The words can be across, down, or even diagonal.

F	I	V	G	T	O	A	O	N	S	P	S	R

## COLORING PAGE

A big storm is coming, and we need to get ready! Can you help Wrigley pack by coloring in all the important items you found in the word search?

Look at the pictures on the page. Some of these items are important for staying safe during and after a hurricane. Use your favorite colors to bring them to life!

Color these important emergency items:

- Flashlight
- Batteries
- First aid kit
- Bottled water
- Canned food
- Toothbrush
- Radio
- Sleeping bag
- Cell phone and charger
- Pet food (if you have a pet!)

Don't color these! They don't belong in an emergency kit:

- Ice cream
- Video game controller
- Roller skates
- Basketball
- Dining table
- Lawn mower
- Rake
- Piano
