

**Data table for Figure 17. Number of dentists per 100,000 resident population, by state: United States, 2019**

Excel and PowerPoint: <https://www.cdc.gov/nchs/hus/contents2019.htm#Figure-017>

Area	Number per 100,000 resident population	Area	Number per 100,000 resident population
United States .....	61.06	New Jersey .....	79.47
Alabama .....	40.97	New Mexico .....	51.51
Alaska .....	80.51	New York .....	75.32
Arizona .....	55.12	North Carolina .....	52.55
Arkansas .....	41.82	North Dakota .....	55.11
California .....	77.88	Ohio .....	53.20
Colorado .....	68.77	Oklahoma .....	49.56
Connecticut .....	72.64	Oregon .....	67.22
Delaware .....	43.95	Pennsylvania .....	59.44
District of Columbia .....	104.00	Rhode Island .....	53.81
Florida .....	51.88	South Carolina .....	47.16
Georgia .....	46.83	South Dakota .....	50.75
Hawaii .....	78.33	Tennessee .....	47.43
Idaho .....	54.22	Texas .....	53.81
Illinois .....	67.58	Utah .....	60.95
Indiana .....	47.95	Vermont .....	59.94
Iowa .....	54.01	Virginia .....	63.19
Kansas .....	50.66	Washington .....	70.41
Kentucky .....	57.03	West Virginia .....	47.88
Louisiana .....	48.72	Wisconsin .....	58.07
Maine .....	54.83	Wyoming .....	55.12
Maryland .....	70.56		
Massachusetts .....	83.38		
Michigan .....	58.91		
Minnesota .....	58.78		
Mississippi .....	42.91		
Missouri .....	50.53		
Montana .....	60.26		
Nebraska .....	64.31		
Nevada .....	55.26		
New Hampshire .....	63.47		

NOTES: Data on the number of dentists per 100,000 resident population are calculated using 2010-based postcensal estimates. Data include professionally active dentists who are listed in the American Dental Association Masterfile as licensed, not retired, living in the 50 states or District of Columbia (D.C.), and having a primary occupation of private practice (full- or part-time), dental school/faculty staff member, armed forces, other federal services (i.e., Veterans Affairs or Public Health Service), state or local government employee, hospital staff dentist, graduate student/intern/resident, or other health or dental organization staff member. Map data are displayed by a modified Jenks classification for the 50 states and D.C., which creates categories that minimize within-group variation and maximize between-group variation. See Technical Notes for more information on Jenks classification.
