## Drug Overdose Mortality by Usual Occupation and Industry: 46 U.S. States and New York City, 2020

## **Supplemental Tables**

Table I–1. Drug overdose proportionate mortality ratios among U.S. decedents aged 15–64 among census occupation groups with 20 deaths or more from drug overdoses: 46 states and New York City, 2020

Table I–2. Drug overdose proportionate mortality ratios among U.S. decedents aged 15–64 among census industry groups with 20 deaths or more from drug overdoses: 46 states and New York City, 2020

Table I-3. Drug overdose deaths in U.S. decedents aged 15-64, by sex and usual occupation group: 46 states and New York City, 2020

Table I-4. Drug overdose deaths in U.S. decedents aged 15-64, by sex and usual industry group: 46 states and New York City, 2020

Table I-5. Drug overdose deaths in U.S. decedents aged 15-64, by race and Hispanic origin and usual occupation group: 46 states and New York City, 2020

Table I-6. Drug overdose deaths in U.S. decedents aged 15-64, by race and Hispanic origin and usual industry group: 46 states and New York City, 2020

Table I-7. Drug overdose deaths in U.S. decedents aged 15-64, by type of drug involved and usual occupation group: 46 states and New York City, 2020

Table I-8. Drug overdose deaths in U.S. decedents aged 15-64, by type of drug involved and usual industry group: 46 states and New York City, 2020

Table I-9. Drug overdose deaths in U.S. decedents aged 15-64, by overdose intent and usual occupation group: 46 states and New York City, 2020

Table I-10. Drug overdose deaths in U.S. decedents aged 15-64, by overdose intent and usual industry group: 46 states and New York City, 2020

2

Table I-1. Drug overdose proportionate mortality ratios among U.S. decedents aged 15-64 among census occupation groups with 20 deaths or more from drug overdoses: 46 states and New York City, 2020

| Usual occupation group  | Total deaths                              | Drug overdose<br>deaths<br>N (percent)               | Age-adjusted drug overdose<br>proportionate mortality ratio<br>(95% confidence interval) |

NOTES: Proportionate mortality ratios (PMRs) are internally adjusted to the age distribution of all U.S. resident decedents aged 15-64 with paid civilian usual occupations using 10-year age categories. PMR 95% confidence intervals are estimated using separate formulas for populations with 1,000 or fewer and over 1,000 total observed deaths from drug overdoses. PMRs based on fewer than 20 deaths from drug overdoses across all age groups are suppressed. See Technical Notes in this report for more information.

<sup>...</sup> Category not applicable.

\* Estimate does not meet National Center for Health Statistics standards of reliability or precision.

NOTES: Proportionate mortality ratios (PMRs) are internally adjusted to the age distribution of all U.S. resident decedents aged 15–64 with paid civilian usual industries using 10-year age categories. PMR 95% confidence intervals are estimated using separate formulas for populations with 1,000 or fewer and over 1,000 total observed deaths from drug overdoses. PMRs based on fewer than 20 deaths from drug overdoses across all age groups are suppressed. See Technical Notes in this report for more information.

| Protective service                             | 755                              | 141 (18.7)             | 94 (12.5)             | 19 (2.5)              | 139 (18.4)                                    | 172 (22.8)   | 464 (61.5)   | 294 (38.9)                            | 88 (11.7)                             |
| Sales and related                              | 4,902                            | 978 (20.0)             | 664 (13.5)            | 175 (3.6)             | 794 (16.2)                                    | 1,185 (24.2)   | 3,129 (63.8)   | 2,045 (41.7)                          | 609 (12.4)                            |
| Transportation and material moving             | 7,355                            | 1,823 (24.8)           | 1,232 (16.8)          | 251 (3.4)             | 873 (11.9)                                    | 1,767 (24.0)   | 4,949 (67.3)   | 3,310 (45.0)                          | 612 (8.3)                             |

NOTES: Types of drugs involved in each overdose death were determined using multiple cause-of-death *International Classification of Diseases*, 10th Revision codes for heroin (T40.1), natural and semisynthetic opioids (T40.2), methadone (T40.3), synthetic opioids other than methadone (T40.4), cocaine (T40.5), and psychostimulants with abuse potential (T43.6). Types of drugs involved in each overdose death are not mutually exclusive. See Technical Notes in this report for more information. <sup>\*</sup> Estimate does not meet National Center for Health Statistics standards of reliability or precision.

NOTES: Types of drugs involved in each overdose death were determined using multiple cause-of-death *International Classification of Diseases*, 10th Revision codes for heroin (T40.1), natural and semisynthetic opioids (T40.2), methadone (T40.3), synthetic opioids other than methadone (T40.4), cocaine (T40.5), and psychostimulants with abuse potential (T43.6). Types of drugs involved in each overdose death are not mutually exclusive. See Technical Notes in this report for more information.

NOTES: Overdose intent was determined using the underlying cause-of-death *International Classification of Diseases, 10th Revision* codes for unintentional (X40–X44), suicidal (X60–X64), and homicidal (X85) overdoses, as well as overdoses of undetermined intent (Y10–Y14). Homicidal overdoses are not presented due to small cell counts. See Technical Notes in this report for more information.

Table I-10. Drug overdose deaths in U.S. decedents aged 15-64, by overdose intent and usual industry group: 46 states and New York City, 2020

| Usual industry group                             | Total drug<br>overdose deaths | Unintentional N (percent) | Suicide N (percent) | Undetermined N (percent) |
|--|-------------------------------|---------------------------|---------------------|--------------------------|
| Fotal  | 58,920                        | 54,054 (91.7)             | 2,284 (3.9)         | 2,480 (4.2)              |
| Accommodation and food services                  | 7,848                         | 7,352 (93.7)              | 204 (2.6)           | 279 (3.6)                |
| Administrative, support, and waste services      | 3,642                         | 3,389 (93.1)              | 83 (2.3)            | 167 (4.6)                |
| Agriculture, forestry, fishing, and hunting      | 787                           | 737 (93.6)                | 26 (3.3)            | 22 (2.8)                 |
| Arts, entertainment, and recreation              | 1,547                         | 1,406 (90.9)              | 77 (5.0)            | 60 (3.9)                 |
