

NHSN Resources at Your Fingertips: Webpage Updates for 2025

Division of Healthcare Quality Promotion

July 2025

Objectives

- Review key features of NHSN webpages.
- Quickly identify the most helpful resources for reporting respiratory pathogens and vaccination data.

Long-Term Care Facility Component: Webpages

Long-Term Care Facility (LTCF) Component: Main Landing Page

[Webpage: Long-term Care Facilities \(LTCF\) Component | NHSN | CDC](#)

The screenshot shows the main landing page for the Long-term Care Facilities (LTCF) Component of the National Healthcare Safety Network (NHSN). The page has a blue header with the CDC logo, the text "National Healthcare Safety Network (NHSN)", and a search bar. A yellow banner at the top right states: "CDC's website is being modified to comply with President Trump's Executive Orders." The left sidebar contains a menu with the following items: "NHSN Home", "NHSN Login", "About NHSN", "Enroll Facility Here", "CMS Requirements", "Change NHSN Facility Admin", "Resources by Facility", "Patient Safety Component", "Long-term Care Facility Component" (highlighted with a yellow border), "Respiratory Pathogens Module", and "Nursing Home Data Dashboard". The main content area features the title "Long-term Care Facilities (LTCF) Component" with a "Print" link. Below the title, a paragraph explains the purpose of the component: "Use the Long Term Care Facility (LTCF) Component to track infections and prevention process measures, systematically, to identify problems, improve care, and determine progress toward national healthcare-associated infection goals." A section titled "Facilities Reporting in LTCF" contains two paragraphs: "Nursing homes, skilled nursing, chronic care, and Intermediate Care Facilities for individuals with Intellectual disability (ICF/ID)." and "Assisted living facilities can only report in the [Prevention Process Measures](#) module." On the right side, there is a "New Users" section with three links: "Guidance for Adding New Users" (PDF - 392 KB), "LTCF Reporting Guidance" (PDF - 134 KB), and "Introduction to LTCF Component" (Video - 2 min).

LTCF Component: Main Landing Page (cont.)

- Scroll through the webpage to identify resources of interest:
 - Module-specific webpages
 - New user guidance
 - Facility enrollment
 - LTCF Component trainings

LTCF Modules & Events

Access relevant training, protocols, data collection forms and supporting materials for each module.

COVID-19/Respiratory Pathogens Module

Information and resources for reporting into the NHSN LTCF COVID-19 Module

HCP and Resident COVID-19 Vaccination

Weekly COVID-19 Vaccination Reporting

Long-Term Care Respiratory Pathogens Module

- Reporting of COVID-19, influenza, and RSV data
 - Vaccination, case, and hospitalization data

The screenshot displays the NHSN website interface. At the top, the CDC logo and 'National Healthcare Safety Network (NHSN)' are visible, along with a search bar. A yellow banner indicates that the website is being modified to comply with President Trump's Executive Orders. The main heading is 'Long-Term Care Respiratory Pathogens', with a 'Print' link below it. A descriptive paragraph states: 'Long-term care facilities can track weekly data on respiratory pathogens (RP) for residents and healthcare personnel (HCP) through NHSN.' The 'On This Page' section lists several links: 'Announcements and Trainings', 'Person-Level – CSV Data Import', 'Weekly RP Summary – Data Collection Forms and Instructions', 'Get NHSN RP Updates', 'Weekly RP Summary – CSV Data Import', and 'Get NHSN COVID-19 Updates'. A sidebar on the left contains a menu with items like 'NHSN Home', 'NHSN Login', 'About NHSN', 'Enroll Facility Here', 'CMS Requirements', 'Change NHSN Facility Admin', 'Resources by Facility', 'Patient Safety Component', 'Long-term Care Facility Component', and 'Respiratory Pathogens Module' (which is highlighted with a yellow box). Below the sidebar, there are links for 'Covid-19 Module Enrollment', 'Point of Care', and 'RP Resources'. On the right side, there are three boxes: 'Nursing Home Respiratory Pathogens Data Dashboard', 'Archived Respiratory Pathogens Materials', and 'Respiratory Pathogens Resources'. At the bottom right, there is a link for 'COVID-19 Vaccination FAQs'.

Where are resources housed?

Locating Resources to Submit Data

Facilities can submit data in three different ways:

1. Entering **summary-level** data directly into data entry screens
2. Uploading .CSV files of **summary-level** data
3. Using **Person-level** COVID-19 Vaccination Forms (COVID-19 vaccination data only)
 - a. Entering data directly into the Person-level forms
 - b. Uploading .CSV files of Person-level data

Method 1: Entering Summary-level Data Directly into Data Entry Screens

- Refer to “**Weekly RP Summary -- Data Collection Forms and Instructions**” heading
 - Access forms for collecting weekly data on COVID-19, influenza, and RSV
 - Table of instructions provide detailed guidance on how to complete form questions

Weekly RP Summary – Data Collection Forms and Instructions

LTCF Resident

[LTCF Weekly RP Summary Protocol for Residents](#) [PDF – 300 KB] – January 2025

[Weekly Respiratory Pathogen Summary for Residents of Long-Term Care Facilities \(57.218\)](#) [PDF – 216 KB] – January 2025

- [Table of Instructions](#) [PDF – 356 KB] – January 2025

Nursing Home Respiratory Pathogens Data Dashboard

- Displays data among residents and healthcare personnel of CMS-certified nursing homes

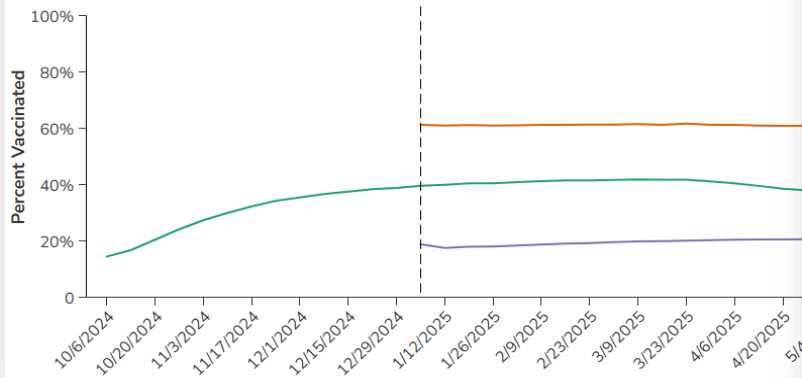

The screenshot shows the NHSN website interface. At the top is a blue header with the CDC logo, the text "National Healthcare Safety Network (NHSN)", and a search bar. Below the header is a left sidebar with a list of links: "NHSN Home", "NHSN Login", "About NHSN", "Enroll Facility Here", "CMS Requirements", "Change NHSN Facility Admin", "Resources by Facility", "Patient Safety Component", "Long-term Care Facility Component", "Respiratory Pathogens Module", "Nursing Home Data Dashboard" (highlighted), "MDRO & CDI", and "UTI". A yellow banner across the top of the main content area states: "CDC's website is being modified to comply with President Trump's Executive Orders." The main content area is titled "Nursing Home Data Dashboard" and includes a "Print" link and a date "Updated June 5, 2025". Below this is a section "On This Page" with links to "Overview", "Nursing Home Residents: Vaccination, Hospitalizations, Cases", and "Nursing Home Healthcare Personnel: Vaccination". The "Overview" section contains a paragraph: "Nursing homes report COVID-19, influenza, and respiratory syncytial virus (RSV) data weekly to CDC's National Healthcare Safety Network (NHSN), including vaccination, cases, and hospitalizations among residents. Nursing homes also report COVID-19 vaccination data among healthcare personnel (HCP) to NHSN monthly. This page displays data among residents and HCP of CMS-certified nursing homes. These national and state-level summaries represent data from approximately 15,000 nursing homes that report to NHSN."

Nursing Home Respiratory Pathogens Data Dashboard (cont.)

Vaccination Coverage among Nursing Home Residents

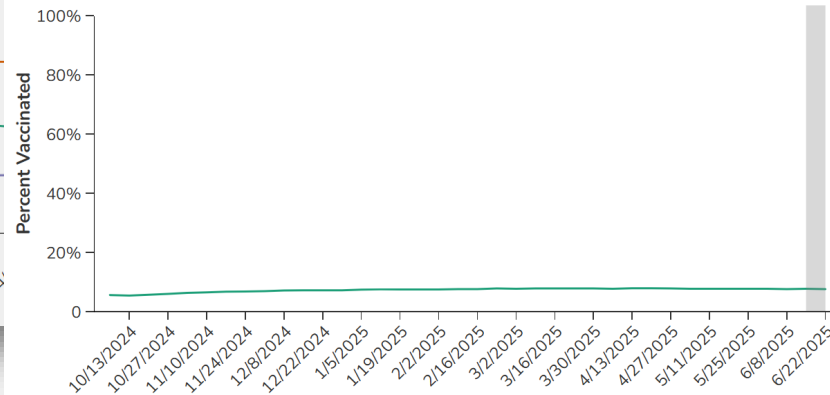

Weekly cumulative percent of nursing home residents vaccinated with the updated 2024-25 COVID-19 vaccine, the 2024-25 seasonal influenza vaccine, and the RSV vaccine. Preliminary data are shaded in gray.

US

Weekly cumulative percent of nursing home healthcare personnel vaccinated with the updated 2024-25 COVID-19 vaccine.

5-Step Enrollment for Long-term Care Facilities

[Print](#)

 [View enrollment steps for LTCFs only submitting COVID-19 data](#)

The below steps serve as a guide for Long-term Care Facilities (LTCFs) enrolling in the National Healthcare Safety Network (NHSN).

Once a facility is registered with NHSN, users can then continue with the NHSN enrollment process for the facility using a SAMS authentication token. This requires the installation of an Entrust Authenticator application on a device or a hard token which is a physical Entrust grid card mailed to your home address. If the designated NHSN facility user has not previously registered with SAMS and received an authenticated token, the user must complete the identity verification process with SAMS prior to gaining access to continue with the NHSN enrollment process for the facility.

A facility should only enroll **once** into the LTCF Component. Once a facility is enrolled, additional options become available, such as adding additional users and enrolling in additional Components.

Step 1: Enrollment Preparation

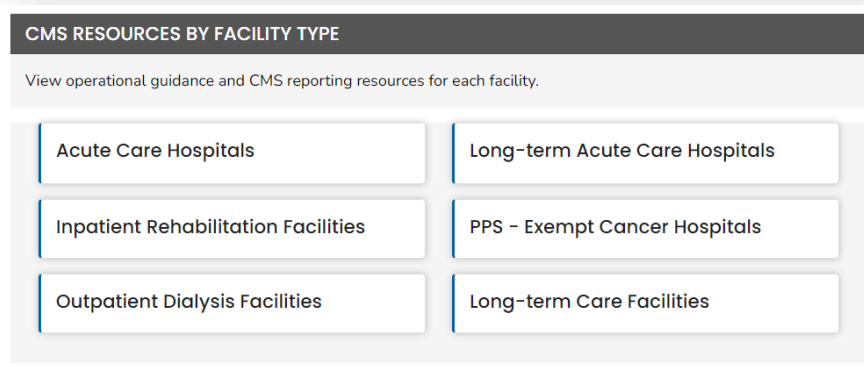

- Review **required** [LTCF Enrollment Guidance](#).  [PDF – 1 MB].
Note: The [LTCF Enrollment Training slides](#).  [PDF – 4 MB] serve as a detailed guide through the enrollment process.
- Check trusted websites and spam blocker settings.
 - Please use the supported browsers, Microsoft Edge or Google Chrome.

CMS Requirements

- Guidance on CMS reporting requirements across NHSN
 - Operational guidance documents
 - Tips on data reporting
 - Organized by facility type

The screenshot shows the NHSN Home page with a sidebar on the left. The sidebar contains links for NHSN Login, About NHSN, Enroll Facility Here, and CMS Requirements (which is highlighted with an orange box). Below CMS Requirements are links for Acute Care Hospitals (ACH), Inpatient Rehabilitation Facilities (IRF), and Long-term Acute Care Facilities (LTACH). The main content area is titled 'CMS Requirements' and includes a 'Print' link. Below this is an 'Important Links' section with a blue background. It features a warning icon and two new links: 'FAQs: AUR Reporting for the CMS Promoting Interoperability Program' and 'CMS COVID-19 Reporting Requirements for Nursing Homes – June 2021' (PDF – 300 KB). There is also a 'CMS Press Release' link for 'CMS Announces Relief for Clinicians, Providers, Hospitals and Facilities Participating in Quality Reporting Programs in Response to COVID-19' (PDF – 400 KB).

This overlay titled 'CMS RESOURCES BY FACILITY TYPE' provides a structured view of operational guidance and CMS reporting resources. It lists six facility types in a grid:

CMS RESOURCES BY FACILITY TYPE	
Acute Care Hospitals	Long-term Acute Care Hospitals
Inpatient Rehabilitation Facilities	PPS – Exempt Cancer Hospitals
Outpatient Dialysis Facilities	Long-term Care Facilities
