

Instructions for Completion of the Person-Level COVID-19 Vaccination Form for Healthcare Personnel of Long-Term Care Facilities

The optional Person-Level Vaccination Form for Healthcare Personnel (HCP) was developed to assist facilities with managing and tracking person-level vaccination data directly in NHSN. This allows the application to automatically calculate and submit the weekly summary totals to the main NHSN Weekly HCP COVID-19 Vaccination Modules. Users update the person-level data with any changes to an individual's vaccination status over time, click 'View Reporting Summary and Submit' to review the totals, and submit their weekly data to the Weekly HCP COVID-19 Vaccination Module. We recommend that all long-term care facilities (LTCFs) use the Person-Level COVID-19 Vaccination Form to ensure accurate reporting of summary data when submitting data to the Weekly COVID-19 Vaccination Modules. Learn more here: LTCF Person-Level Vaccination Form How to Guide

Please note if you plan to submit person-level data via .CSV file upload, you can refer to the latest variable description and file layout documents. You can find these at the following webpage: <u>LTCF</u> Respiratory Pathogens and Vaccination | NHSN | CDC.

Data Fields	Instructions for Completion
Unique HCP Identifier	Required.
	Enter a unique identifier for the healthcare worker, assigned by your facility. This can be any combination of letters and numbers. This identifier is designated by your facility, not NHSN. You can directly enter the identifier, or you can click the Find button and select a healthcare worker from the list of healthcare workers who have previously had data submitted in NHSN via other Person-Level Forms (e.g., Point of Care Testing (POC) Tool).
	Ensure that you are using the same identifier used for entering the individual into other Person-level modules or pathways within the LTCF Component, as applicable. Avoid:

Data Fields	Instructions for Completion
	 Using Date of Birth or room number as an identifier, as these can be shared by more than one individual and may result in duplicate IDs. Starting the identifier with a 0 (zero). If you import data from a CSV file, the CSV drops the leading 0, and this changes the ID.
HCP First Name	Required. Enter the healthcare worker's first name.
HCP Last Name	Required. Enter the healthcare worker's last name.
Gender	Required.
	Select the healthcare worker's gender from the drop-down box: - Female - Male - Other
	Note: If you cannot obtain this information, select 'Other.'
Sex at Birth	Optional. Select the healthcare worker's sex at birth from the drop-down box: - Male - Female - Unknown
Gender Identity	Optional. Select the healthcare worker's gender identity from the drop-down box: - Male - Female - Female-to-male transgender - Male-to-female transgender - Identifies as non-conforming - Other - Asked but unknown

Data Fields	Instructions for Completion
	Note: Multiple gender identities can be selected from the drop-
	down box except when selecting 'Asked but unknown.'
Date of Birth	Required.
	Enter the healthcare worker's date of birth in the MM/DD/YYYY
	format.
Ethnicity	Required.
	Soloet the health care worker's otherisity from the drap down here
	Select the healthcare worker's ethnicity from the drop-down box:
	- Hispanic or Latino
	- Not Hispanic or Not Latino
	- Declined to respond - Unknown
D	
Race	Required.
	Select the healthcare worker's racial group(s) from the drop-down
	box:
	- American Indian/Alaska Native
	- Asian
	- Black or African American
	- Native Hawaiian/Other Pacific Islander
	- White
	- Declined to respond
	- Unknown
	Note: Multiple races can be selected from the drop-down box
	except when selecting 'Declined to Respond' or 'Unknown.'
HCP Start of Employment Date	Required.
	Enter the date the healthcare worker began working at the facility.
HCP End of Employment Date	Conditionally required.
, ,	
	Enter the date the healthcare worker last worked at the facility.
	Note: If a healthcare worker leaves the facility for any reason for
	longer than 2 weeks (14 days) and then returns after more than 2
	weeks, enter an end of employment date on the day they last
	worked at the facility. When they return to work in the facility,
	duplicate their row (using the + button next to their row) and enter
	a new start of employment date on their new row. This new start of

Data Fields	Instructions for Completion
	employment date must be at least 2 weeks after the original row's end of the employment date.
HCP Category	Required.
	Select the appropriate HCP category for the healthcare worker from
	the drop-down box:
	- Employees (staff on facility payroll)
	- Licensed independent practitioners: (contracted physicians,
	advanced practice nurses, & physician assistants)
	- Adult students/trainees & volunteers- Other Contract Personnel
	- Other Contract Personner
	Please refer to the COVID-19 Vaccination Staff TOI Dec 2023
	(cdc.gov) document for definitions of each HCP category.
Dose 1 vaccination date	Conditionally required.
	A row must contain AT LEAST ONE status, as an individual can have
	more than one status entered since their vaccination status can
	change over time. At a minimum, a row must have data entered for
	at least one of the main categories:
	- Dose 1
	- Contraindication
	- Declination
	- Unknown/other vaccination status
	Enter the date the healthcare worker received dose 1 of COVID-19
	vaccine.
Dose 1 vaccine manufacturer name	Conditionally required if Dose 1 vaccination date is entered.
	Select the manufacturer of dose 1 of COVID-19 vaccine that the
	healthcare worker received from the drop-down box:
	- 2024-2025 Updated COVID-19 vaccine
	- 2023-2024 COVID-19 vaccine
	- Bivalent Pfizer vaccine
	- Bivalent Moderna vaccine
	 Pfizer-BioNTech COVID-19 vaccine Moderna COVID-19 vaccine
	- Janssen COVID-19 vaccine
	- Novavax COVID-19 vaccine - Novavax COVID-19 vaccine
	MONGANY COALD ITS AUCTILE

Data Fields	Instructions for Completion
	- Unspecified manufacturer
	2024-2025 Updated COVID-19 vaccine can only be selected if corresponding dose date is on or after 9/2/2024.
	corresponding dose date is on or after 5/2/2024.
	2023-2024 COVID-19 vaccine can only be selected if corresponding dose date is between 9/13/2023 and 9/1/2024.
	Bivalent Pfizer vaccine and Bivalent Moderna vaccine can only be selected if corresponding dose date is between 4/20/2023 and 9/12/2023.
	Pfizer-BioNTech COVID-19 vaccine and Moderna COVID-19 vaccine can only be selected if corresponding dose date is on or before 4/19/2023.
	Janssen COVID-19 vaccine can only be selected if corresponding dose date is before 6/26/2023.
	Novavax COVID-19 vaccine can only be selected if corresponding dose date is between 6/1/2022 – 9/1/2024.
Dose 2 vaccination date	Conditionally required if the healthcare worker received a second dose of COVID-19 vaccine.
	Enter the date the healthcare worker received dose 2 of COVID-19 vaccine.
Dose 2 vaccine manufacturer name	Conditionally required if Dose 2 vaccination date is entered.
	Select the manufacturer of dose 1 of COVID-19 vaccine that the healthcare worker received from the drop-down box:
	- 2024-2025 Updated COVID-19 vaccine
	- 2023-2024 COVID-19 vaccine
	- Bivalent Pfizer vaccine
	- Bivalent Moderna vaccine
	- Pfizer-BioNTech COVID-19 vaccine
	Moderna COVID-19 vaccineNovavax COVID-19 vaccine

Se	pten	nber	2024

Data Fields	Instructions for Completion
	2024-2025 Updated COVID-19 vaccine can only be selected if
	corresponding dose date is on or after 9/2/2024.
	2023-2024 COVID-19 vaccine can only be selected if corresponding
	dose date is between 9/13/2023 and 9/1/2024.
	Bivalent Pfizer vaccine and Bivalent Moderna vaccine can only be
	selected if corresponding dose date is between 4/20/2023 and
	9/12/2023.
	Pfizer-BioNTech COVID-19 vaccine and Moderna COVID-19 vaccine
	can only be selected if corresponding dose date is on or before
	4/19/2023.
	Novavax COVID-19 vaccine can only be selected if corresponding
	dose date is between 6/1/2022 – 9/1/2024.

Data Fields	Instructions for Completion
Medical contraindication date	Conditionally required.
	A row must contain AT LEAST ONE status, as an individual can have more than one status entered since their vaccination status can change over time. At a minimum, a row must have data entered for at least one of the main categories: - Dose 1 - Contraindication - Declination - Unknown/other vaccination status
	Enter the date the medical contraindication was noted for the healthcare worker.
	Medical contraindications include history of a severe allergic reaction (e.g., anaphylaxis) after a previous dose or to a component of the COVID-19 vaccine, and history of a known diagnosed allergy to a component of the COVID-19 vaccine. Please see the most up-to-date list of contraindications here: https://www.cdc.gov/vaccines/covid-19/clinical-considerations/interim-considerations-us.html#contraindications For the purpose of NHSN COVID-19 vaccination surveillance, philosophical, religious, or other reasons for declining COVID-19 vaccine not listed in the Interim Clinical Considerations for Use of COVID-19 Vaccines Currently Approved or Authorized in the United States as a contraindication are not considered medical
	contraindications for COVID-19 vaccination and should be reported in the 'Declination reason' column instead.
	Note: In the Person-Level Vaccination Forms, if an individual received an original monovalent dose of COVID-19 vaccine and had a severe allergic reaction to this dose, and as a result cannot receive another COVID-19 vaccine dose, the individual will be classified in the weekly summary counts as a medical contraindication. If a healthcare worker had a medical contraindication after receiving a 2023-2024 COVID-19 Vaccine, they will be counted in the up to date category (i.e., not in the medical contraindication category). Users should enter both the dose 1 date and the medical contraindication date.

Data Fields	Instructions for Completion
Declination date	Conditionally required.
	A row must contain AT LEAST ONE status, as an individual can have more than one status entered since their vaccination status can change over time. At a minimum, a row must have data entered for at least one of the main categories: - Dose 1 - Contraindication - Declination - Unknown/other vaccination status
	Enter the date the healthcare worker was offered but declined COVID-19 vaccination (i.e., not up to date vaccination status because healthcare worker declined the COVID-19 vaccine that would make them up to date).
	For the purpose of NHSN COVID-19 vaccination surveillance, philosophical, religious, or other reasons for declining COVID-19 vaccine should be reported as declined vaccination.
Declination reason	Conditionally required if Declination date is entered.
	Select the reason the healthcare worker declined COVID-19 vaccination from the drop-down box: - Received official religious exemption - Other - Unknown
Unknown/other COVID-19 vaccination status	Conditionally required.
Date	A row must contain AT LEAST ONE status, as an individual can have more than one status entered since their vaccination status can change over time. At a minimum, a row must have data entered for at least one of the main categories: - Dose 1 - Contraindication - Declination - Unknown/other vaccination status Enter the date the healthcare worker's vaccination status was recorded as unknown.
	recorded as unknown.

Data Fields	Instructions for Completion
	Note: This date can correspond to the healthcare worker's start of
	employment date if the facility cannot determine the healthcare
	worker's vaccination status at the time of employment, or if the
	facility does not have vaccination documentation for the healthcare
	worker.
Dose 3 Date	Conditionally required if the healthcare worker received a third dose of COVID-19 vaccine.
	Enter the date the healthcare worker received dose 3 of COVID-19 vaccine.
Dose 3 dose type	Conditionally required if the healthcare worker received a third dose of COVID-19 vaccine.
	Enter the date the healthcare worker received dose 3 of COVID-19 vaccine.
Dose 3 Manufacturer	Conditionally required if Dose 3 vaccination date is entered.
	Select the manufacturer of dose 3 of COVID-19 vaccine that the healthcare worker received from the drop-down box: - 2024-2025 Updated COVID-19 vaccine - 2023-2024 COVID-19 vaccine - Bivalent Pfizer vaccine - Bivalent Moderna vaccine - Pfizer-BioNTech COVID-19 vaccine - Moderna COVID-19 vaccine - Janssen COVID-19 vaccine - Novavax COVID-19 vaccine - Unspecified manufacturer 2024-2025 Updated COVID-19 vaccine can only be selected if corresponding dose date is on or after 9/2/2024.
	2023-2024 COVID-19 vaccine can only be selected if corresponding dose date is between 9/13/2023 and 9/1/2024.
	Bivalent Pfizer vaccine and Bivalent Moderna vaccine can only be selected if corresponding dose date is between 8/31/2022 and 9/12/2023.
