

## 2025 ANNUAL NHSN VIRTUAL TRAINING

### SCWD4931

**PROGRAM DESCRIPTION:** This enduring activity is designed to educate healthcare personnel on how to measure, validate, interpret, and respond to data relevant to healthcare associated infections. The participant will then be able to present data to the staff, initiate process improvements at the facility level, and positively impact healthcare practices. This educational opportunity will enhance the knowledge and skills of the users in order to decrease healthcare-associated infections and improve patient safety and enhance patient outcomes.

#### **OBJECTIVES:**

At the conclusion of the activity, the participant will be able to:

1. Describe the surveillance methods for healthcare-associated events reported in the NHSN Patient Safety Component
2. Describe the surveillance methods for healthcare-associated events reported NHSN Outpatient Procedure Component
3. Explain NHSN data analysis options for healthcare-associated infections reported in NHSN
4. Identify best practices for antibiotic surveillance using NHSN
