

# **NHSN Demonstration: Long-term Care Facility Component Healthcare-associated Infection (HAI) Reporting & Resources**

Division of Healthcare Quality Promotion

July 25<sup>th</sup> 2024

# Objectives

By the end of this video, you will be able to:

- Locate the LTC Component Webpage
- Navigate the LTC Component Webpage
- Access the LTC Component of the NHSN Application

Note: Data utilized are fictitious and only used for example purposes

# Agenda

- **Review the LTC Component Webpage**
  - LTC Component: Guidance Documents
  - LTC Component: New Users
  - Educational Roadmap
    - Video recordings
  - Healthcare Associated Infections (HAI) Module webpages
    - UTI, LabID, PPM
  - Annual Survey resources
- **Review the LTC Component of the NHSN Application**
  - Monthly Reporting Plan
  - Adding HAI Events
  - Monthly Summary Data
  - Alerts

# Healthcare Associated Infections: Reporting Reminders

Unless your state has specific requirements, the NHSN LTC Component HAI Modules are **Optional**

- ❖ See below for the cadence of reporting if your facility does participate in the NHSN LTC Component HAI Module

LTCF Component	
<b>Annually</b>	<ul style="list-style-type: none"><li>• Annual Facility Survey</li></ul>
<b>Monthly</b>	<ul style="list-style-type: none"><li>• Monthly Reporting Plan</li><li>• Monthly Summary</li><li>• UTI</li><li>• LabID</li><li>• PPM</li></ul>

**CDC** National Healthcare Safety Network (NHSN) Search

[Print](#)

CDC's National Healthcare Safety Network is the nation's most widely used healthcare-associated infection tracking system. NHSN provides facilities, states, regions, and the nation with data needed to identify problem areas, measure progress of prevention efforts, and ultimately eliminate healthcare-associated infections.

In addition, NHSN allows healthcare facilities to track blood safety errors and important healthcare process measures such as healthcare personnel influenza vaccine status and infection control adherence rates.

**COVID-19 Modules and Dashboards**  
COVID-19 reporting and vaccination resources for all healthcare facilities.

**NHSN Focus on Race, Ethnicity, Language, and Interpreter Use Data to Address Health Disparities**

[NHSN Requirements & Recommendations for Application Use](#)

Resources by Facility	NHSN Components	
<a href="#">Acute Care / Critical Access Hospitals</a>	<b>About NHSN</b> CDC's NHSN is the largest HAI reporting system in U.S.	<b>NHSN Application</b> NHSN Member Login
<a href="#">Ambulatory Surgery Centers</a>	<b>AM I Enrolled?</b> Confirm if your facility is enrolled in NHSN	<b>CMS Requirements</b> CMS reporting requirements through NHSN
